Maulika Rongala

has successfully completed the online Specialization

AI in Healthcare

Artificial intelligence (AI) has transformed industries around the world, and has the potential to radically alter the field of healthcare. In this specialization, we discuss the current and future applications of AI in healthcare with the goal of learning to bring AI technologies into the clinic safely and ethically. This specialization is designed for both healthcare providers and computer science professionals, offering insights to facilitate collaboration between the disciplines.

Introduction to Healthcare

Introduction to Clinical Data

Fundamentals of Machine Learning for Healthcare

Evaluations of AI Applications in Healthcare

AI in Healthcare Capstone

Nigam H. Shah, MBBS, PhD
Associate Professor of Medicine (Biomedical Informatics)
